# Discussed Topics

No.	Name
1	Tariffs setting/ cost recognition in general and adjustments
2	Effect of customer profiling on DSO
3	DSO-Supplier relation after unbundling
	Payment channels and regulations
	Shared Services for VIU
4	New trends and changes observed in 2020
	Consumption patterns due to COVID
	Smart systems
	RES installation and impact on DSO performance
	Crypto currency mining consumption
5	Other
	Connection of new customers – source of financing of income tax
	Prepayments for DSO services – practices
	Fixed distribution tariff and its impact on DSO

# Priority Topics

- 1. Observed impact of small RES installations on technical and economic performance of DSO;*
- 2. Regulatory aspects of tariff setting (or market-based approach) for prosumers;*
- 3. Reimbursement of network losses by distributed generation*
- 4. Cost reflective methodology for connecting new customers to the grid*
