

# EMERGENCY HELP FOR KHERSONGAZ

**From the first days of the war between the Russian Federation and Ukraine territories of the city of Kherson and the Kherson region were completely occupied by the enemy army**

**Due to the occupation of territories and the conduct of hostilities the population lost access to the gas distribution system, as a result of which families were deprived of the opportunity to:**

**- COOK FOOD**

**- HEAT WATER**

**- HEAT THE HOME**

To restore the operational capacity of the objects, the following are necessary

⋮

- 1) pipes and fittings;
- 2) locking devices;
- 3) consumables for cutting and welding;
- 4) cutting and welding equipment;

- 5) power generating equipment for power tool operation;
- 6) hand locksmith tool;
- 7) pipeline diagnostic devices (leak detector/gas analyzer/methane detector).

**At the same time, the occupiers deprived the company of the opportunity to respond to emergency calls in any way due to the damage and physical removal (theft) of all movable property located on the right-bank part of the Kherson region, including all road transport, including specialized emergency repair vehicles (SERV)**
