## ***Energy Efficiency Directive (EU) 2018/2002 in EnC***

Transposition and implementation deadline **by 30 June 2023**

- Art. 3: The EnC 2030 target is being currently modelled – COM funded the Study for target calculation; the 2030 target to be adopted in November 2022 by a Ministerial Council Decision
- Art 5: From 1 January 2023 on, each year 3 % of surface of central government buildings shall be renovated to Minimum Energy Performance Standards – link to EPBD
- Art. 7: Energy saving obligations – extended to 2030 and increase annual rate to 0.8% from the primary energy
- Art. 9-11 Heat metering and billing – enhanced requirements
- Art 53 Governance Regulation: Long term building renovation strategies (Article 2a Governance Regulation) to be included in NECP (draft June 2023)

## ***DIRECTIVE (EU) 2018/2001 on the promotion of the use of energy from renewable sources (REDII)***

- ✓ Transposition and implementation deadline: **31 December 2022**
- ✓ 2030 RES targets will be added at later stage
- ✓ 2020 RES targets prolonged until 1 January 2022
- ✓ “(overall) Energy Community 2030 target’ means the value calculated on the basis of the targets for the Contracting Parties as regards the minimum share of renewable energy consumed in 2030, in the terms to be adopted by the Ministerial Council”
- ✓ New provisions include, among others:
  - ✓ Market based support scheme
  - ✓ Active role of consumers (self-consumers, energy communities)
  - ✓ Sustainability and greenhouse gas emissions saving criteria for biomass fuels

## *Donors and IFIs*

- ✓ Support Energy Community with technical assistance in all areas
- ✓ Quick mobilisation and delivery – short term assignments to cover gaps
- ✓ Coordination for better synergy (ECS facilitator – Matrix updated regularly)
