

# Compliance Energy Community contracting parties (gas and electricity prices)

**[Johannes.goerten@ec.europa.eu](mailto:Johannes.goerten@ec.europa.eu)**  
**Eurostat**

# *Compliance monitoring EnC contracting parties*

- Main data based on reference period 2016 semester 2 data
- Disaggregated data based on 2015 semester 2 data
- Timeliness: 2 months after the reference period (31 August 2016)
- Quality evaluation: based on erroneous data, not on updates or corrections due to missing data

# Albania

(Institute of Statistics - INSTAT)

## ➤ Completeness:

Gas prices industry and households: not applicable

Electricity prices households: **available**

Electricity prices industry: **missing**

Disaggregated electricity price data: **available (households)**

## ➤ Quality of data

**Erroneous data reported for 2016 semester 1 (lacking qc)**

## ➤ Timeliness

**33 days after deadline (31 August 2016)**

# Bosnia & Herzegovina

(Agency for Statistics of Bosnia and Herzegovina)

## ➤ Completeness:

Gas prices industry and households: **available**

Electricity prices industry and households: **available**

Disaggregated electricity price data: **available**

## ➤ Quality of data

**Good**

## ➤ Timeliness

Electricity prices: 36 days after deadline (31 August 2016)

Natural gas prices: 47 days after deadline (31 August 2016)

# Kosovo\*

(Statistical Agency of Kosovo)

## ➤ Completeness:

Gas prices industry and households: not applicable

Electricity prices households and industry: **available**

Disaggregated electricity price data: **available**

## ➤ Quality of data

**Good**

## ➤ Timeliness

**Excellent (29 days before deadline expired)**

*\* This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo declaration of independence.*

# Macedonia

(State Statistical Office of the Republic of Macedonia)

## ➤ Completeness:

Gas prices industry: **available**

Gas prices households: not applicable

Electricity prices households and industry: **available**

Disaggregated electricity price data: **available**

## ➤ Quality of data

Erroneous data reported for 2016 semester 1 (lacking qc)

## ➤ Timeliness

**Good**

# Moldova

(National Bureau of Statistics of Moldova)

## ➤ Completeness:

Gas prices industry and households: **available**

Electricity prices industry and households: **available**

Disaggregated electricity price data: **available**

## ➤ Quality of data

**Excellent**

## ➤ Timeliness

**Excellent**

# Montenegro

*(Statistical Office of Montenegro)*

## ➤ Completeness:

Gas prices industry and households: not applicable

Electricity prices industry and households: **available**

Disaggregated electricity price data: **available**

## ➤ Quality of data

**Good**

## ➤ Timeliness

**Good**

# Serbia

(Statistical Office of the Republic of Serbia)

## ➤ Completeness:

Gas prices industry and households: **available**

Electricity prices households and industry: **available**

Disaggregated electricity price data: **available**

## ➤ Quality of data

Electricity: **good**

Natural gas: **good**

## ➤ Timeliness

Electricity: **37 days after deadline**

Natural gas: **good**

# Ukraine

(State Statistics Service of Ukraine)

## ➤ Completeness:

Gas prices industry and households: **available**

Electricity prices households and industry: **available**

Disaggregated electricity price data: **not yet available**

## ➤ Quality of data

Experimental data; not published in Eurobase

## ➤ Timeliness

not (yet) applicable

## "Room for improvement"

- Timeliness needs to be improved in three countries
- Quality Control needs to be improved in two countries
- Albania to report industrial price data for electricity
- Ukraine to finalize experimental phase and provide data conform to Directive/Regulation
