

EU4Energy Governance: Kick-off meeting on Support in development of minimum energy performance requirements, including definition of the reference buildings, calculation of the cost-optimal level of energy performance, setting minimum energy performance requirements for technical building systems and energy from RES

Venue: Jazz Hotel, Strada Vlaicu Pârcălab 72, Chisinau, Moldova

Date: 13 February 2019, 13:30

Presentation title	Hour	Speaker
Opening		
Welcoming remarks	13:30-13:40	EnCS, EU Delegation to Moldova (<i>tbc</i>), E7 Energie Markt Analyse GmbH,
Session 1: Presentation – status-quo		
Input presentation on status-quo of NCM M 01.01:2016, principles of minimum requirement definition based on cost-optimality methodology, available approaches	13:40-14:40	Daniela Bachner, E7 Energie Markt Analyse GmbH
<i>Coffee-break</i>		
14:40-15:00		
Session 2: Discussion		
Discussion on presented approach for the definition of minimum requirements for Moldova	15:00-16:10	Klemens Leutgöb, E7 Energie Markt Analyse GmbH

Session 3: Summary

Conclusions and outlook	16:10-16:30	EnCS, E7 Energie Markt Analyse GmbH,
--------------------------------	-------------	--

**The EU4Energy Initiative covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.*
