

EU4Energy Governance: Third Energy Package Electricity and Gas Network Codes

Venue: ANRE, Chisinau, Moldova

Date: 7 May 2018, [9am]

Presentation title	Hour	Speaker
Opening		
Welcome coffee	09:00-09:15	
Programme introduction	09:15-09:30	Nina Grall, Energy Community Bernd Rajal, Schoenherr
Session 1: Electricity network codes		
General overview NC RfG, DCC and HVDC	09:30-09:45	Bernd Rajal, Schoenherr
General implementation requirements (responsibilities and competences, effective implementation, transposition deadlines, etc)	09:45-10:10	Bernd Rajal, Schoenherr
Specific implementation issues	10:10-10:30	Bernd Rajal, Schoenherr
Proposed approach (establishment of working group, drafting, etc)	10:30-10:40	Bernd Rajal, Schoenherr
Session 2: Working session		
Major challenges and pitfalls: <ul style="list-style-type: none"> Priority questions Timeline Exhaustive vs non-exhaustive NC provisions Other NC specific questions 	10:40-12:30	All

The EU4Energy Initiative covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.
