

Market coupling between Albania, Italy, Montenegro and Serbia (AIMS)

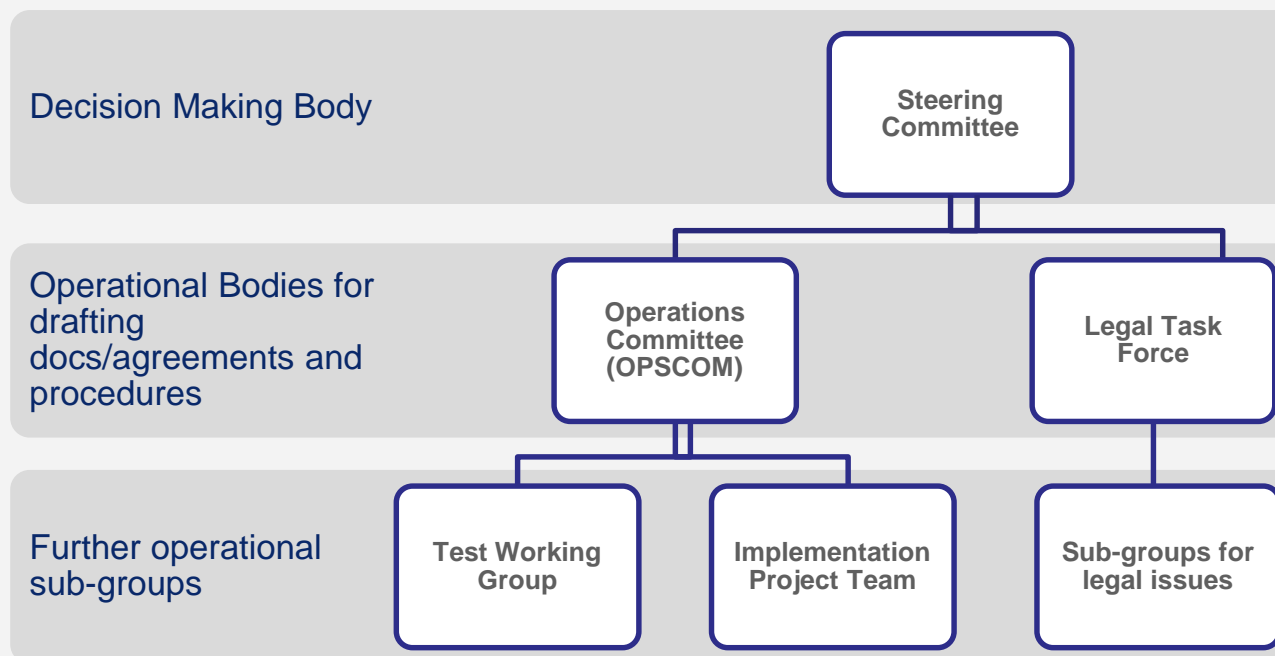

Salvatore Lanza

Athens Forum

June 7, 2018

Organizational structure of AIMS WG

Members: Belen, CGES, EMS, GME, OST, SEEPEX, Terna

Deliverables	Purpose	Status
Terms of reference	Define project goals and organizational structure	Submitted to NRAs
Non disclosure agreement	Define principles for sharing of documents and know-how	First draft already circulated Final version to be finalized by June
Pre-feasibility analysis	Check existence of all pre-conditions for implementation of project	To be shared with NRAs in the Belgrade meeting on the 19 th of June
High level business plan	Define process for the pre-coupling and the post-coupling phases including:	Work not yet started
Cooperation agreement	Define cooperation principles	Work not yet started

Capacity building project funded by CEI (KEP)

4 workshops organized by ARERA with the collaboration of Terna and GME

Date	Venue	Main subject
20 January 2018	Rome	Institutional and regulatory aspects of capacity allocation
21 March 2018	Tirana	Pre coupling activities
18-19 June 2018	Belgrade	Post coupling activities
October 2018	Montenegro	Role of NRAs and other institutions (tbc)

Participants: NRAs, TSOs and PXs representatives of Albania, Montenegro and Serbia

Some open issues

In which capacity calculation region(s) will be included the borders between: Italy and Montenegro, Montenegro and Serbia, Albania and Montenegro?

In case of no agreement between NRAs on Italy-Montenegro border, which entity will act as escalation body, ACER or ECRB?

Will cooperation and operation agreements undersigned by EU NEMOs and TSOs be extended to CPs NEMOs and TSOs? If yes, how this will affect the activity of the AIMS WG?

Thanks for the attention!
