

# *EU4Energy Governance: Stakeholder meeting for the project: Support in Development of Natural Gas Transmission Tariff Methodology in Georgia*

Venue: Georgian National Energy and Water Supply Regulatory Commission, 19, Adam Mitskevichi St, T'bilisi, Georgia

Date: 20 February 2019

<b>Registration and welcome coffee</b>	10:45 – 11:00	
<b>Welcome remarks – Scope of the project, expected results:</b> <b>Energy Community Secretariat, EU4ENERGY</b> <b>Delegation of the European Union to Georgia (tbc)</b> <b>Georgian National Energy and Water Supply Regulatory Commission</b>	11:00 – 11:10	Mr Peter Pozsgai <i>Gas Expert, Energy Community Secretariat</i>  Mr Andrej Bartosiewicz <i>Attaché, Programme Officer, Delegation of the European Union to Georgia (tbc)</i>  Mr Gocha Shonia <i>Commissioner, Georgian National Energy and Water Supply Regulatory Commission</i>
<b>Status Report of the project</b>	11:10 – 11:20	Ms Borbála Takácsné Tóth <i>REKK</i>
<b>Presentation of the draft proposed tariff calculation methodology</b> <b>Special focus on multipliers and seasonality</b>	11:20 – 12:40	Ms Enikő Kácsor <i>REKK</i>
<b>Q&amp;A</b>	12:40 – 13:00	Discussion with participants
<b>Lunch break</b> 13:00 – 14:00		
<b>Presentation of the calculated tariffs and calculation tool</b>	14:00 – 14:45	Ms Enikő Kácsor <i>REKK</i>
<b>Draft legal text for transmission tariff setting</b>	14:45 – 15:15	Ms Maka Partsvania <i>Consultant</i>
<b>Q&amp;A</b>	15:15 – 15:45	Discussion with participants
<b>Wrap up and next steps, next meetings</b>	15:45 – 16:00	Mr Peter Pozsgai <i>Gas Expert, Energy Community Secretariat</i>

---

\*The EU4Energy Initiative covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.

A robust legislative and regulatory framework is vital for the development of a sustainable energy sector. The EU4Energy governance project, part of the EU4Energy Initiative of the European Union, works with the six Eastern Partner countries to strengthen their legislative and regulatory frameworks, to draft policy recommendations, and to help identify investment opportunities in key strategic energy infrastructure projects.
