TECHNICAL ASSISTENCE :

ANRE benefited from technical assistance financed by the EnC Secretariat, within the Project **EU4 Energy** designed to help develop:

- The transmission tariff methodology** that will introduce the **entry- exit tariff system**;
- Drafting the natural gas **Network Code**;
- Drafting of electricity **Network Code**;
- New concept regarding the structure of the electricity market in the country, according to the principles established in the Electricity Law.
- Natural gas Market rules** and an accompanying model.

MAIN CHALLENGES FOR 2020

- Adopting the secondary legislation;
- To ensure effective unbundling and certification of TSO's;
- Review of the market model for electricity and natural gas in the context of market liberalization.
