

New Acquis on Electricity

56th PHLG meeting

16th July 2020

Agenda

- Novelties in the Directive on common rules for the internal market for electricity (EU) 2019/944
- Novelties in the Regulation on the internal market for electricity (EU) 2019/943
- Open questions
- Proposed next steps

Electricity Directive 2019/944

General rules

- Market-based supply price
- Public interventions in price setting

Customers

- Aggregation
- Citizen energy communities
- Dynamic electricity price contract
- Smart metering systems
- Energy poverty

DSOs

- Ensuring flexibility
- Network development plan
- Inclusion of electromobility into the electricity network

Electricity Regulation 2019/943

Electricity market principles

- Just transition - Coal support phase out
- Balancing Responsibility and Balancing Markets
- Short-term and forward markets
- Dispatch and re-dispatch

Resource Adequacy

- National and European resource adequacy assessment
- Adequacy concerns: implementation plan with measures
- Capacity mechanisms (CM)
- Requirements for CM

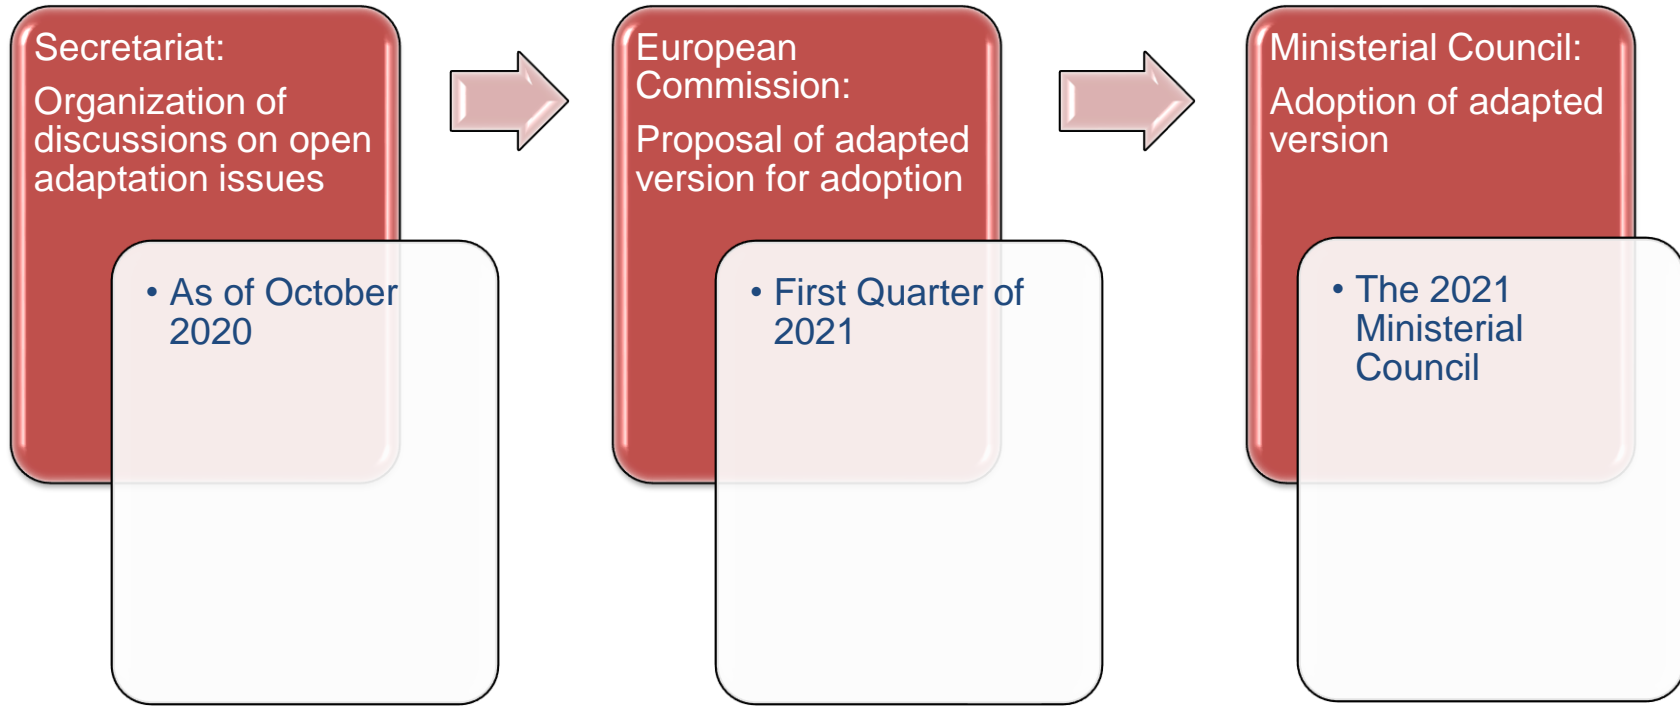

Regional Cooperation

- System operation regions
- Regional Cooperation Centers
- Bidding Zones
- Capacity Calculation
- Capacity Allocation
- Congestion management and congestion income

The discussion to be focused on:

1. Deadlines
2. Open question on Substance (establishment of system operation regions, regional coordination centres, bidding zones, capacity mechanisms requirements...)

Next Steps
