

EASTERN WIELKOPOLSKA

Valley of Energy

MACIEJ SYTEK

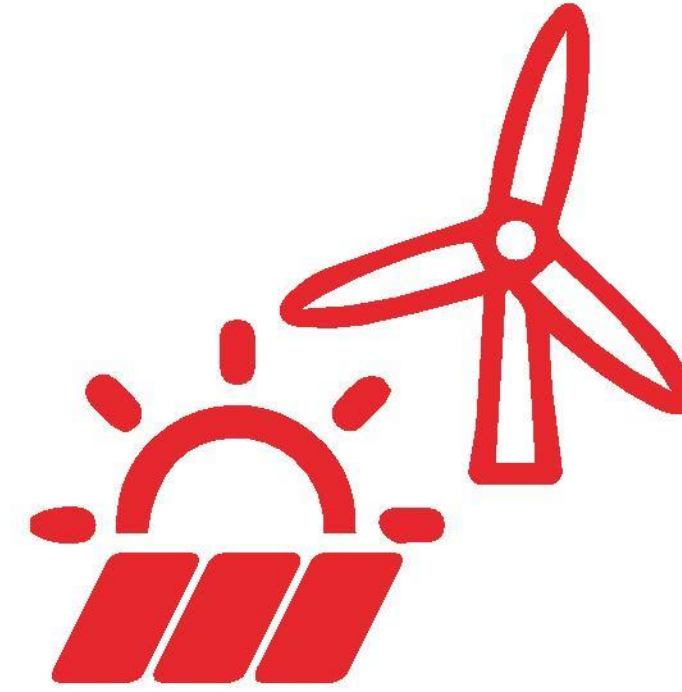

Board of Plenipotentiary of the Wielkopolska Region for
Restructuring of Eastern Wielkopolska

THIS IS OUR PLAN

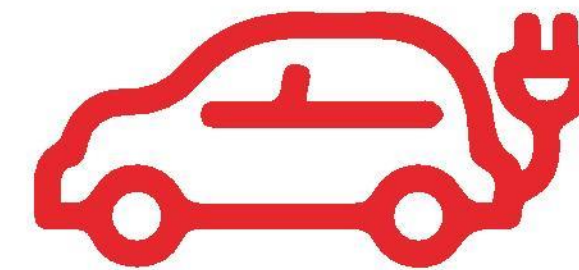

We are heading towards green energy

all activities will have a
common denominator

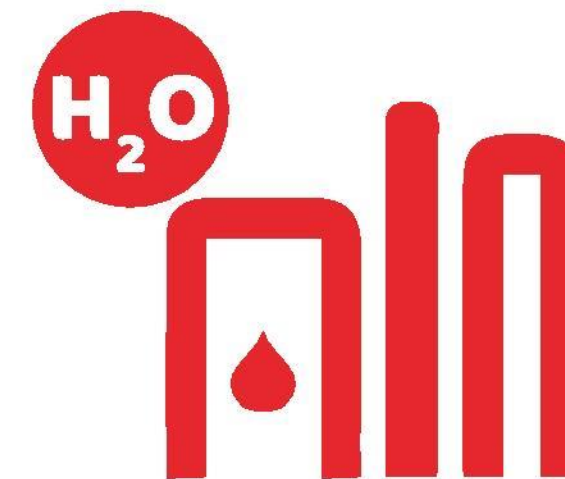

RENEWABLE ENERGY SOURCES

Solar energy
Wind energy
Geothermal energy

ELECTROMOBILITY

Battery and fuel cell production

HYDROGEN TECHNOLOGIES

Hydrogen station
Hydrogen public transport
Research and learning

Our actions

- Dialogue with local government
- Agreement for a just transformation of the region
- Letter of intent regarding cooperation in the field of hydrogen technologies
- Constant contacts with the Ministry of Energy
- Coal Regions working meeting in Brussels
- Meetings and working contacts with associations and trade unions
- Meetings and working contacts with grant-giving organizations and institutions (e.g. European Investment Bank, Jaspers Initiative, Bloomberg Philantropies)
- Establishing scientific and research contacts in European projects (Climate KIC, Horizon 2020 partnerships)
