

The background is a dark blue globe with glowing blue lines representing energy connections or a network. The lines are curved and intersect, creating a sense of global connectivity.

EED Article 8 Implementation

23rd June 2021

- EED Article 8 implementation:
 - ✓ Non SMEs 1st Audit before 5 November 2017, and every 4 years
 - ✓ Auditors (qualified/accredited), minimum criteria (Annex VI), quality of audits, implementation of measures, etc.
 - ✓ ECS questionnaire

Good implementation

By law(s) prepared but not adopted, or under preparation; registry/software under development

No action yet

No Reporting or No implementation of Article 8 in bylaws

4. Practices in the monitoring and verification of information gathered from the Energy Audits

a. Is there any monitoring and verification activity to follow up on the findings of the audits and implementation of recommendations?

b. Are there any checks of the quality of the data gathered through the audits, and the audits themselves?

Conclusions

- No CP has completed the implementation
- Some still have only Buildings audits, no non SMEs
- Practically no CPs monitors if measures are being implemented; some monitor the audit process and reports
