

Energy Regulatory Agency – Montenegro

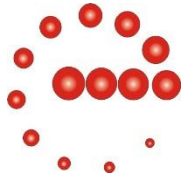

Regulatory Developments in the Montenegrin Energy Sector

35th ECRB meeting,
Athens, 6 December 2016

State Level

- ✓ The laying of undersea energy cable between Montenegro and Italy
- ✓ Master plan of gasification completed
- ✓ Implementation of the obligations established by the WB 6 – establishment of the new company is in progress

Activities within the Agency

- ✓ The license for carrying out of electricity distribution activity is issued to the newly founded company CEDIS
- ✓ Drafting secondary legislation for electricity in accordance with Energy Law is still the main task
- ✓ Decisions on applications by energy undertakings for the regulatory allowed revenue for the period 2017-2019 are made

Energy Regulatory Agency – Montenegro

Thank You

Jelena M. Aničić
