 Gas Coordination Group
 Information exchange, reporting,
 monitoring

Building on progress in security of supply framework

Serbia, Moldova, Ukraine, updated SoS framework, with Risk assessment, Preventive and Emergency plans in place – some elements from Regulation 1938/2017 transposed

Georgia, N. Macedonia on the good track

SoS Regulation revision – National-related provisions

- Establishment of a competent authority
- Definition of Supply, Infrastructure standards and protected customers
- Establishment of national Risk Assessment, Preventive and Emergency plans with definition of crisis levels
- The Secretariat – monitoring role; issues opinions to the plans, examines if measures are compliant with market functioning

Regional and Energy Community cooperation

- Contracting Parties to participate in the gas supply risk groups (Annex I)
- establishment of a regional risk assessment per supply risk group (CPs&MSs)
- exchange of PAPs and EPs (CPs-CPs and CPs-MSs from the same group)
- role of the EC, Secretariat in jointly addressing cooperation mechanisms in such plans
- role of the EC, Secretariat in declaration of a crisis on regional, EnC level
- two groups in place: Gas Coordination Group (EU, CPs invite to participate) and the Energy Community Security of Supply CG
- solidarity applies only between the CPs
- role of ACER
