## Accomplishment since June 2018...

- 30 Bylaws are adopted and approved by ERC
- Fully liberalized electricity market
- Universal supplier has been selected (active participation in the transparent procedure of universal supplier selection)
- TSO (JSC MEPSO) was certified
- ACER application
- SWITCH.MK - first price comparison tool on the Macedonian retail electricity market.
- two years in a row ERC is ranked first NRA in Energy Community

# Challenges

- Establishment of a common regional electricity and natural gas markets
- Establishment of regional electricity balancing market
- exchange of knowledge and development of best practices for regulated electricity and gas markets in the Energy Community
- Cyber security
- Implementation of REMIT obligations
- Energy transition
- **Practical implementation of a third energy package at the same level in all Member States** (with the ultimate goal of establishment a joint regional market, which will enable to attract more investments)

It will be a long journey until we reach our destination.  
We should get going.
