

FCA and CACM Regulation Implementation Concept

MC Decision under Title III

1) Adopts

- for ('geographic scope')
 - CP transmission systems
 - CP-CP Interconnections
 - CP-MS Interconnections

i.e. switch-on of Title III countries (minus MS-MS interconnections - these are already covered (obliged) by EU GL version) the following acts

- Adapted Regulation text
 - will activate shadow 10th CCR (ref. ENTSO-E explanatory note)
- Already approved EU-wide^[1] methodologies [without changes!]
 - Alternatively: delegate power to PHLG to adopt [note for CACM: at least the CCRs^[1] should be adopted together with the MC Decision]
- Already approved regional^[1] market coupling methodologies (unchanged)
 - Alternatively: delegate power to PHLG to adopt [note for CACM: at least the CCR^[1] should be adopted together with the MC Decision]

2) Delegates powers to PHLG to adopt under Title III

- for still-to-come EU-wide methodologies
 - Switch-on the adopted EU methodologies by Title 3 PHLG Decision
- For still-to-come regional market coupling methodologies
 - MC decision replaces EU voting procedure of Art 9(3) by voting procedure according to Title III Treaty voting rules – i.e. 2/3 majority incl a positive vote of the Union (

3) Defines the CCR^[1]

¹ In the sense of: "all NRA/TSO/NEMO"
