

# Bundling of Capacity at the Polish-German Border

To Do's and Challenges

GASCADE Gastransport GmbH  
Martin Vogts  
Capacity Management

## To do's when it comes to bundling

- **Bundling agreement**
- Agreeing on capacity types to be bundled
- Agreeing on upload times
- Agreeing on auction premium split
- Agreeing on invoicing
- And last but not least ...

## Challenges when it comes to bundling

- Agreeing on the capacity booking platform to be used
- Options we had:
  - GSA
  - PRISMA
  - RBP

## Challenges when it comes to bundling

- NC CAM 2.0 envisaging a 3-steps mechanism to select a booking platform
- 3-steps mechanism according to NC CAM
  - 6 months time for TSO to choose
  - 6 months time for NRA to choose
  - ACER is choosing

## To do's when it comes to bundling on GSA

- Implementing ACER Decision No. 10/2018 – using GSA as booking platform at the Polish-German border
  - Non disclosure agreement
  - GSA Service contract
  - Workshops
  - Backend System to be developed (SOAP, Edigas, XML)
  - Bundling agreement
  
- **Decision No 10/2018 has been annuled in February 2019**

## To do's when it comes to bundling on RBP

The logo for GASCADE, featuring the word "GASCADE" in a bold, blue, sans-serif font. It is centered between two horizontal bars: a thin dark red bar on top and a thicker dark blue bar on the bottom.

GASCADE

- Implementing ACER Decision No. 11/2019 – using RBP as booking platform at the Polish-German border
  - Non disclosure agreement
  - RBP Service contract
  - Workshops
  - Backend System to be developed (SOAP, Edigas, XML)
  - Bundling agreement
