

**DISTRICT HEATING BUSINESS
ASSOCIATION “TOPLANE SRBIJE” (DHBA
Serbia)**

Dejan Stojanović

Director DHBA

Founding Act

- Founded on 4 April 1997 at the Assembly meeting in Kraljevo.
- The Founding Act was signed by 14 district heating system members.
- The aim of the Association is to: develop cooperation and business coordination programs, exchange experience and level the district heating prices criteria, act unanimously before ministries, chambers, associations and other institutions.
- Today, all energy entities that perform energy activities of production, distribution and supply are members with the aim of improving their business.
- Today, the development of district heating systems should be viewed strategically, through the prism of justified use of renewable energy sources, application of energy efficiency measures, environmental standards and development of the heat market with preparation for implementation of EU directives on the European path of the Republic of Serbia, taking into account security, climate and long-term sustainability of these systems.
