Gas and oil industry

EU regulation on methane emissions reduction in the energy sector

Mr Georges Tijbosch, MiQ, CEO

- **MiQ's gas certification system, which allows natural gas to be credibly certified based on its methane emissions performance**
- **The benefits of MiQ certification for gas operators and buyers**
- **How the MiQ Standard is designed to complement government regulation, such as the EU Methane Strategy, and international climate commitments, like Global Methane Pledge**
- **Q & A**

- ❖ 7 February: **MiQ Certification of methane emissions**
- ❖ 14 March : **Industry views on the EC proposal for a regulation on methane emissions reduction in the energy sector**
- ❖ 11 April: **Global (data) overview: IEA Methane tracker, OGCI initiatives, CAF view, GERG**
- ❖ 16 May: **OGMP framework: reporting and implementation plans, technologies to come from Tier 1 to Tier 5**
- ❖ 20 June : **MARCOGAZ BATs to reduce methane emissions**

❖
