

Addendum to:

MEMORANDUM OF UNDERSTANDING¹

**ON REGIONAL ELECTRICITY MARKET DEVELOPMENT AND ESTABLISHING A
FRAMEWORK FOR OTHER FUTURE COLLABORATION**

IN SOUTH EAST EUROPE

Expressing the understanding that analysing, designing and implementing day-ahead market integration, cross-border balancing cooperation and other achievements on regional market development and security of supply that will be detailed in the future in South East Europe has to involve both Energy Community and EU member states of the region referred to in Article 27 of the Energy Community Treaty,

Agreeing on the need for close cooperation of Energy Community and EU stakeholders on the implementation of day-ahead market coupling, final coupling into Single Day-Ahead Coupling and cross-border balancing and in relation to implementation of EU Network Codes and Guidelines on the borders with Contracting Parties,

Having regard to point 19 of the Memorandum of Understanding (MoU) that explicitly targets the involvement of National Regulatory Authorities, Transmission System Operators and Power Exchanges of EU Member States neighbouring the Energy Community Western Balkans countries in the market integration projects following from the MoU as well in the Steering Committees established there,

Having regard to point 10 of Annex 1 of the MoU that declares that the coupling with the rest of the Energy Community, including the EU through the MRC, should not be hindered by the WB6 coupling initiative,

Having regard to point 20 of the MoU that declares that the MoU does not create any rights or obligations under international law, according to which the present Addendum does not create any rights or obligations with respect to the signing parties under any provisions of any applicable national or international law,

By signature of the present addendum, the parties express their willingness to participate as supporting party in the above mentioned market integration projects in South East Europe and related Steering Committees, namely:

- Projects referred to in Annex 1 of the MoU (day-ahead market integration)
- Projects referred to in Annex 2 of the MoU (cross-border balancing cooperation)
