

8th Regional Exchange of Modelling Experts involved in the Development of Integrated National Energy and Climate Plans (NECPs) in the South-Eastern European Contracting Parties of the Energy Community

BUILDING UP MODELLING CAPACITY FOR INTEGRATED ENERGY AND CLIMATE PLANNING

Tuesday, 30. Mar. 2021, 09:30-10:30 am CET
Virtual exchange via MS Teams

Purpose of the exchange:

This session is part of a series of exchanges that the German Agency for International Cooperation (GIZ) and the Energy Community Secretariat initiated in 2020 to spur the discussion of various aspects relevant for the ongoing modelling work on the National Energy and Climate Plans. The exchange aims to facilitate technical discussions of modelling approaches, data availability and quality, challenges, best practices, cross-sectoral and regional aspects that can inform national efforts.
