# National CNCs implementation process- questions

1. Have you established who does what on CNC implementation in your country?
  - Who leads?
  - What are the roles of MS, NRA & TSO(s)/DSOs?
2. Do you have existing grid code(s) or equivalent to update?
  - Or are you starting from a clean paper?
  - Do you have a process?
3. Have you established how consultation with stakeholders will be handled in your country?
