

Energy Community Summer School 2020

Masaryk University Center Telč

Telč, Czech Republic

21 to 28 August 2021

SUMMER
SCHOOL

Energy Community

**Ready to start your energy career with a great leap forward?
Apply for the Energy Community Summer School 2021 today!**

Who is the programme for? Highly motivated postgraduate students (masters or PhD), researchers from all energy-related disciplines, young professionals from governmental institutions, companies, think tanks and NGOs, etc.

What do we offer? A multi-disciplinary, hands-on programme focused on energy sectors in transition led by top professionals and academics.

Why should you apply? Gain an understanding of energy sectors in their full complexity and the challenges of energy transition. Join an international network of summer school alumni.

Apply online by 31 March 2021 at www.energy-community.org (Secretariat/Summer School)
No tuition fee! Free of charge accommodation!
