

EU4Energy

## COUNTRY WORK PROGRAMME | GEORGIA

### Area 1 Energy Efficiency

- Activity 1.1 Gap analysis of Georgian legislation in relation to energy performance of buildings
- Activity 1.2 Support in development of draft Law on Energy Performance in Buildings, compliant with provisions of Directive 2010/31/EU

### Area 2 Electricity Market

- Activity 2.1 Support in drafting the following legal framework:
  - Activity 2.1.1 Licencing conditions for transmission
  - Activity 2.1.2 Certification procedure
  - Activity 2.1.3 Rules and Contract for supply of universal services
  - Activity 2.1.4 Rules and Contract for supply by Supplier of Last Resort
  - Activity 2.1.5 Procedure on development, submission and publication of DSO compliance programme
  - Activity 2.1.6 Licencing conditions for generation
  - Activity 2.1.7 Licencing conditions for market operator
  - Activity 2.1.8 Licencing conditions for guaranteed buyer
  - Activity 2.1.9 Standard contract on purchase of electricity with feed in tariff
  - Activity 2.1.10 Licencing conditions for trading activities
  - Activity 2.1.11 Rules on security of supply
  - Activity 2.1.12 Cross boarder Transmission Capacity Allocation Rules

### Area 3 Gas Market

- Activity 3.1 Support in developing the Natural Gas Distribution System Code

### Area 5 Energy-Related Environment

- Activity 5.1 Support in development of fuel quality monitoring plans and rules for sampling and analysis of marine fuels

EU4Energy

## Area 7 Improvement of the institutional framework

- Activity 7.1 Support in organization of High level policy talks on gas and electricity markets, energy efficiency and independence of energy regulator

## Area 8 Greater technical, institutional and administrative capacity

- Activity 8.1 Support in establishing and operation of the Working group to follow up on reforms in the energy efficiency sector
- Activity 8.2 Support in establishing and operation of the Working group to follow up on reforms in the electricity sector
- Activity 8.3 Support in establishing and operation of the Working group to follow up on reforms in the gas sector
- Activity 8.5 Support in establishing and operation of the Working group to follow up on reforms in the area of energy related environment

## Regional Activities | Georgia

- GE RA 1 Regional meetings/workshops to discuss the process of identification of key energy infrastructure projects

---

The EU4Energy Initiative covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.
